EDUCATION

- **Indian Institute of Technology, Bhubaneswar** 2020 - Ongoing
Dual Degree(B.Tech + M.Tech) in Computer Science and Engineering CGPA₆: 7.70
- **Prakritik School** 2020
Class 12(10+2), Central Board of Secondary Education, Bihar Percentage: 92.60
- **Dr. G.L. Dutta D.A.V. Public School** 2018
Class 10, Central Board of Secondary Education, Bihar Percentage: 93.20

PERSONAL PROJECTS

- **iNotePad – Online Notes-taking application with fast Response time.** (May2023-Jun2023)
iNotePad is a note-taking web app where users can create accounts and take notes.
 - **TECH-STACK:** MERN Stack – MongoDB, Expressjs, Nodejs, React.js, Bootstrap.
 - By ingeniously integrating multiple NoSQL databases within a single application, we have created a groundbreaking solution for load and resource distribution, specifically tailored for smaller projects. This ingenious approach not only minimizes costs associated with high search demands but also maximizes efficiency, ushering in a new era of scalability and performance.
- **NewsApp – Current Affairs website with real-time news.** (Sep2022-Oct2022)
React-based news app fetches trending updates in real-time.
 - **TECH-STACK:** React.js, Bootstrap.
 - This web application delivers concise summaries, condensing the essence of news articles into less than 40% of their original length. By distilling the most vital aspects, it empowers users to grasp crucial information swiftly and efficiently, revolutionizing the way we consume news.
 - It also cuts API latency by 20% through efficient asynchronous fetch operations for faster data retrieval.
- **BirdHunter – Bird Hunter is a third-person shooting game made in a 2D environment.** (Jan2022-Feb2022)
Bird Shooter: Shoot birds, avoid harm, maximize your score.
 - **TECH-STACK:** Python (lib. Pygame).
 - The primary objective of this project was to explore the Object-oriented Programming principles in Python, specifically focusing on the practical application of inheritance in real-time software, such as games.

SKILLS

Programming : C, C++, Python, JavaScript.

Web Development : HTML5, CSS3, Tailwind CSS, JavaScript, **React.js**, **Node.js**, **Express.js**, **MongoDB**.

CS Fundamentals : Computer Networks, Database Systems, Operating Systems, Object Oriented Programming.

Soft Skills : Time Management, Teamwork, Problem-solving, Documentation, Engaging Presentation.

LANGUAGES

- **English :** Professional proficiency
- **Hindi :** Native proficiency

INTERESTS

Web Development, 3.js, Web3 - BlockChain, Smart Contracts

Data Structures, Advanced Algorithms, Applied Algorithms, Graph Theory
